

ECPCA 2024

THE EUROPEAN CLEFT PALATE
CRANIOFACIAL ASSOCIATION CONGRESS

MILAN, 25/28 JUNE, 2024

PRECONGRESS COURSES AND WORKSHOPS - 24 JUNE, 2024

Monday JUNE 24 PM

PRECONGRESS COURSES

Secondary rhinoplasty in cleft lip palate – 2h 30min

Class III treatment – 2h 30min

Velopharyngeal incompetence: treatment is still a challenge – 2h 30min

PRECONGRESS WORKSHOPS

Virtual surgery 3D planning – 2h 30min

Pre-surgical digital impressions in cleft lip palate neonates – 2h 30 min

Pre-surgical or complex 3D orthodontic planning and treatment with aligners –
2h 30min

HANDS ON COURSE

Hands on bilateral cleft lip palate surgery – 40 min

CASE PRESENTATION

(Multiple times from Tuesday to Friday, during the conference breaks)

Virtual surgery 3D planning – 20 min

Pre-surgical digital impressions in cleft lip palate neonates - 20 min

Pre-surgical or complex 3D orthodontic planning and treatment
with aligners; case presentation – 20 min

Tuesday JUNE 25

PLENARY SESSION

- 8:00-8:30 Opening
- 8:30-10:30 Multidisciplinary plenary long term results in unilateral cleft lip and palate
- 10:30-11:00 *coffee break*
- 11:00-13:00 Multidisciplinary plenary long term results in unilateral cleft lip and palate
- 13:00-13:30 General morning Discussion
- 13:30-14:30 *buffet lunch*

14:30-16:00 FOUR PARALLEL SESSIONS

| | | | |
|---|--|--|--|
| <p><i>Primary surgery panel:</i></p> <p>Is there a perfect technique for primary lip and nose repair unilateral cleft lip and palate?</p> | <p><i>Orthodontic cleft panel:</i></p> <p>Pre and post bone grafting orthodontic management:</p> <ol style="list-style-type: none">1) Expansion, when and how?2) Surgical peculiarities3) Need for post bone grafting retention/splinting? | <p><i>Charities:</i></p> <p>Cleft care NGO approaches: multidisciplinary treatment and training.</p> | <p><i>Panel/consensus</i></p> <p>Psychology and Psychosocial development in cleft lip and palate: how can we help build coping strategies.</p> |
|---|--|--|--|

16:00-16:30 *coffee break*

16:30-17:30 CUNCURRENT SESSIONS

| | | | |
|---|--|---|--|
| Tops trial Is randomization possible in cleft care? | Case reports Difficult orthodontic cases in cleft lip and palate. <i>Discussion with a panel of experts</i> | Global Health: Different continents, different approaches | Free papers Pediatrie dentale care, esthetic detistry, periodontology and implantology in Calft lip and palate patients. |
|---|--|---|--|

Wednesday JUNE 26

PLENARY SESSION

8:00-9:40 Multidisciplinary plenary sessione on Nasoalveolar molding controversies

9:40-10:00 Discussion

10:00-10:30 *coffee break*

10:30-11:30 Multidisciplinary plenary session on Epidemiology, genetics, epigenetics and laterality in clefts

11:30-12:00 Discussion

12:30-13:00 Fistula repair

13:00-13:30 Discussion

13:30-14:30 *buffet lunch*

14:30-16:00 CUNCURRENT SESSIONS

| | | | |
|---|--|---------------------------------|--|
| Consensus on outcome measures to evaluate alveolar surgery | Consensus on outcome measures to evaluate on velopharyngeal insufficiency preop and postop: new and future perspectives | Seminar on facial clefts | Consensus on quality of cleft and craniofacial research and papers (rules for a good cleft and craniofacial publication, the quality of research in craniofacial anomalies) |
|---|--|---------------------------------|--|

16:00-16:30 *coffee break*

16:30-18:00 CUNCURRENT SESSIONS

| | | | |
|---|---------------------------------------|-------------------------------|--------------------|
| Consensus on common orthodontic problems with different solutions: missing lateral incisors and impacted canines in cleft lip and palate | Secondary lip and nose surgery | Genetics, epidemiology | Free papers |
|---|---------------------------------------|-------------------------------|--------------------|

Thursday JUNE 27

PLENARY SESSION

8:00-10:00 1st and 2nd Branchial arch syndromes and craniofacial microsomia

10:00-10:30 Discussion

10:30-11:00 *coffee break*

11:00-13:00 Craniofacial Synostoses (Crouzon Apert Pfeiffer)

13:00-13:30 Discussion

13:30-14:30 *buffet lunch*

14:30-16:00 CUNCURRENT SESSIONS

| | | | |
|---|--|--------------------|--|
| Velopharyngeal insufficiency panel in cleft lip and palate.: velopharyngeal insufficiency Surgery: which technique is more predictable? | What to do and not to do in orthodontic treatment of clefts and craniofacial anomalies | Free papers | Case report on difficult orthodontic or surgical cases in syndromic craniosynostoses |
|---|--|--------------------|--|

16:00-16:30 *coffee break*

16:30-18:00 CUNCURRENT SESSIONS

| | | | |
|-------------------------------------|---|-------------------------------|--|
| Cleft palate repair: long term data | Growth studies and cleft lip and palate | Genetics, epidemiology | 1st and 2nd Branchial arch syndromes and HFM |
|-------------------------------------|---|-------------------------------|--|

Friday JUNE 28

PLENARY SESSION

- 8:00-10:00 Pierre Robin Sequence
(Mandibular hypoplasia and upper airways obstruction)
- 10:00-10:30 Discussion
- 10:30-11:00 *coffee break*
- 11:00-13:00 Multidisciplinary plenary session on maxillary hypoplasia in cleft lip and palate
- 13:00-13:30 Discussion
- 13:30-14:30 *buffet lunch*

14:30-16:00 CUNCURRENT SESSIONS

| | | | |
|---|---|-----------------------|--|
| Controversies primary surgery in Bilateral cleft lip and palate | Consensus on Cleidocranial dysplasia and severe anodontia | Pierre Robin Sequence | Orthognatic surgery in cleft lip and palate: differences with non cleft patients |
|---|---|-----------------------|--|

16:00-16:30 *coffee break*

16:30-18:00 CUNCURRENT SESSIONS

| | | | |
|---|----------------------|---|-------------|
| Pedodontics, estetch dental care and implantology in cleft lip and palate | BWS and macroglossia | New horizons in the treatment of Rre craniofacial alterations | Free papers |
|---|----------------------|---|-------------|

REGISTRATION FEES in EURO (vat included)

| CATEGORY | FEE |
|---|-----|
